

3rd International Meeting
on Innovative Glaucoma Surgery

Saturday, 25 October 2008
Location: Congress Center University of Applied
Sciences

- 10:10 Deep Sclerectomy with implant and MMC in advance glaucoma
R. Carassa, **Italy**
- 10:30 Non suture Deep Sclerectomy
K. Scharioth, **Spain**
- 10:40 Results of application of "Hemashield" implant device in surgical treatment of different types of glaucoma
N. Palarie, **Moldova**
- 10:50 Viscoanalostomy: 6 years Follow up
A. Hoehn, **Germany**
- 11:05 7 years experience with the Ex-PRESS Miniature Glaucoma Shunt
E. Dahan, **Israel**
- 11:30 Introduction to Selective Laser Trabeculoplasty: Clinical Perspective
L. Jindra, **USA**
- 11:55 A new IOP-NanoSensor
G. Simon, **Spain**
- 12:05 Post-surgical case presentation
G. Scharioth, **Germany**
- 12:30 Panel Discussion**
- 13:00 Lunch** Foyer
- 14:00 Surgical Management of Glaucoma – Evidence based approach
T. Shaarawy, **Switzerland**

- 3rd International Meeting
on Innovative Glaucoma Surgery
- 14:20 Shunt of the Suprachoroidal Space
G. Simon, **Spain**
- 14:40 Suprachoroidal T-Flux
K. Scharioth, **Spain**
- 14:50 Strength and Weakness of Trabecular Surgery
R. Craven, **USA**
- 15:15 History and Evidence Basis of Canaloplasty
J. R. Kearney, **USA**
- 15:35 Canaloplasty, Step-by-Step
J. R. Kearney, **USA**
- 15:50 Canaloplasty for Open Angle Glaucoma: A Three Years Critical Evaluation and Comparison with Viscoanalostomy
C. Peckar, **UK**
- 16:10 Canaloplasty – Subtleties and glaucoma observations
R. Stegmann, **South Africa**
- 16:35 Catheterless Canaloplasty
G. Scharioth, **Germany**
- 16:45 Evaluation of the Aqueous Outflow System in Canaloplasty
M. Grieshaber, **Switzerland**
- 17:00 Channelography
I. Ahmed, **Canada**
- 17:10 Use of Anterior Segment Imaging in Glaucoma Surgery
I. Ahmed, **Canada**
- 17:20 OCTAASS – OCT assisted Anterior Segment Surgery
G. Scharioth, **Germany**
- 17:30 Summary and Future Prospects
G. Scharioth, **Germany**
- 17:40 END**

AGENDA

3rd International Meeting
on Innovative
Glaucoma Surgery

**LIVE SURGERY,
LECTURES AND VIDEO
PRESENTATIONS**

Location:
University of Applied Sciences
Congress Center - Fachhochschule
August-Schmidt-Ring 10
45657 Recklinghausen
**The Meeting is accredited with
13 CME**
(Ärzttekammer Westfalen Lippe)

3rd International Meeting
on Innovative Glaucoma Surgery

AGENDA

Friday, 24 October 2008
Location: Congress Center University of Applied
Science

- 13.00 - 17.30 Exhibition and Refreshments Foyer
- 13:00 Registration** Foyer
- 13:30 Welcome** Audi Max
H. Baatz, **Germany**
- 13:45 Live Surgery** Audi Max
Moderation Congress Center:
H. Baatz, **Germany**
Presentation Theatre:
I. Ahmed, **Canada**
- Deep Sclerectomy
T-Flux combined Phaco
M. Klemm, **Germany**
- Deep Sclerectomy
SK-Gel + MMC
N. Anand, **UK**
- Mircoshunt under Scleral Flap
Ex-PRESS
El. Dahan, **Israel**
- iTrack assisted Canaloplasty
G. Scharioth, **Germany**
- Suprachoroidal Drainage
Gold Micro-Shunt
G. Simon, **Spain**
- Trabecular Bypass
iStent
R. Craven, **USA**
- Deep Sclerectomy
T-Flux
E. Dahan, **Israel**

- 3rd International Meeting
on Innovative Glaucoma Surgery
- 17:15 Summary**
- 17:30 Adjourn**
- 18:30 APERO**
Location: AURELIOS Augenzentrum
Recklinghausen
- 20:00 DINNER PARTY**
Location: Ratskeller Recklinghausen
- 23:00 DANCING PARTY**
Location: Ratskeller Recklinghausen
- Saturday, 25 October 2008**
Location: Congress Center University of Applied
Sciences
- 08.00 - 17.30 Exhibition and Refreshments Foyer
- 08:00 Registration** Foyer
- Abstract Presentation, Lecture and Video
Presentation** Audi Max
- 09:00 Welcome and Introduction**
G. Scharioth, **Germany**
- 09:05 A general overview of new glaucoma device innovations, and where they fit in the spectrum of IOP-lowering vs risk
I. Ahmed, **Canada**
- 09:25 Deep Sclerectomy – the better goniotrepanation
M. Klemm, **Germany**
- 09:35 Deep Sclerectomy
C. Mielke, **Germany**
- 09:50 Deep Sclerectomy in High-Risk-to-Failure Eyes
N. Anand, **UK**

3rd International Meeting
on Innovative Glaucoma Surgery

MEETING SPONSOR

MainSponsors:

Organisation: Gábor Scharioth,
AURELIOS Augenzentrum Recklinghausen
